

Form placement

The intake group will be sorted into ten mixed ability forms. The year group is split into two halves with five forms in each group, mainly for timetabling purposes, class numbers and staffing and manageability for events such as Parents' Evenings.

Where a large number of pupils transfer from the same primary school, they will be spread across the whole year group, whereas small numbers are likely to be kept to one half. We also routinely have a significant number of pupils being the only pupil to transfer from their primary school.

Beyond these factors, the placement is largely random via computer allocation. There are pastoral measures in place to ensure that **all** pupils are supported in their move to Canon Slade School and that they are helped to settle in as quickly as possible.

Mrs A J Iles

Assistant Head KS3 Achievement

Mrs J Easton

Head of Year 7
